- Pre-Authorized Payment – Visit our website or contact our office to register
- Bank Payments – Payable at most financial institutions, teller and ATM
- Telephone and Internet Payments – Contact your bank to set up this option
 - Payments made via Financial Institution may take 5 – 10 days to reach our office
- By Credit Card – call 1-866-392-1995 or on our website – convenience fee will apply
- 24 Hour Drop Box at Office – Cheque or Money Order only
- By Mail – Send your cheque or money order to the address above.

Charges for Late Payment

If payment is not received by the due date, the unpaid balance is subject to an interest charge of 1.5% per month (effective annual rate of 19.56% per year or 0.04896% per day). Collection activity, up to and including disconnection, may apply to accounts in arrears.

Rates

The rates used to calculate this bill have been approved by the Ontario Energy Board. For copies of our rate schedule, please visit www.westario.com

Failure to Receive a Bill

Failure to receive a bill does not entitle non-payment, as a bill is always obtainable by calling the Westario Power Inc. office.

Exclusionary Clause

The utility will make every effort to ensure bills are accurate; however, billing errors can occur. The utility reserves the right to collect under-billed amounts at any time.

Moving/Cancelling Service

If you are moving or discontinuing your service, please complete a Move Out application at least five days in advance to ensure that we have adequate time to process your request.

Underground Locates

Please call Ontario One Call at 1-800-400-2255 for an underground locate before you dig.

Emergency Service

Our office hours are Monday to Friday 8:30 a.m. - 4:30 p.m. If you require emergency service, please call 519-507-6937, or Toll Free 1-866-978-2746, 24 hours a day.

Glossary of Terms

Electricity	This is the cost of the electricity supplied to you during this billing period and is part of the bill that is subject to competition. The electricity consumed is multiplied by the adjustment factor* (1.0713). Westario Power Inc. collects this money and pays this amount directly to our suppliers. *When electricity is delivered over a power line, it is normal for a small amount of power to be consumed or lost as heat. Equipment, such as wires and transformers, consumes power before it gets to your home or business. The adjustment factor accounts for these losses.
Delivery	These are the costs for delivering electricity from generating stations across the Province to Westario Power Inc. then to your home or business. This includes the costs to build and maintain the transmission and distribution lines, towers and poles and operate provincial and local electricity system. A portion of these charges are fixed and do not change from month to month. The rest are variable and increase or decrease depending on the amount of electricity that you use.
Regulatory Charges	Regulatory charges are the costs of administering the wholesale electricity system and maintaining the reliability of the provincial grid.
Global Adjustment	This covers the cost of building new electricity infrastructure in the province, as well as delivering Ontario's conservation programs, ensuring enough supply will be available over the long term.

For a further explanation of electricity terms, please visit www.westario.com or www.oeb.ca
